

HIGH-PRESSURE MECHANICAL VICES – OPTIONALLY WITH OR WITHOUT REGULATOR

HIGH PRECISION

- » High precision and positioning accuracy in the production of workpieces through hardened and ground slides

EASY AND FAST ALIGNMENT

- » Keyways enable easy positioning and fast alignment in table slots of machines

INTERCHANGEABLE JAWS

- » High flexibility for different application areas through interchangeable jaws

HIGH-QUALITY MATERIAL

- » GGG70 ductile cast iron provides resistance to breakage and material fatigue, absorbs vibrations and guarantees unchanged geometry for more than twenty years
