

H1

## PRODUCT DESCRIPTION

Food-safe, high-temperature resistant lubricant and release agent. Ideal for the easy relubrication after use of PFPE lubricants and as release agent in the processing of plastics.

## ADVANTAGES

- » Compatible with PFPE lubricants and most plastics
- » No labelling required
- » H1 registered

## APPLICATION

Ideally suited for relubrication after use of VGI 300 and VGI 260. Shake can well before use. Apply evenly and thinly.
